Dear Mr Hearn,

Re: Tavistock Guildhall Gateway Project

I am writing to express support for the Town Council's Round 2 application to the Heritage Lottery Fund for the Guildhall Gateway Project.

Tavistock Community Primary and Nursery School are delighted to be partners in the project and we are looking forward to helping to develop the formal learning programme set out in the Activity Plan. The learning programme sets out workshops, including the building of Tavistock and mapping the town, which we look forward to participating in and trialling with the Learning and Participation Officer who will be funded by the HLF project while the Guildhall is being refurbished.

Once the Guildhall has been renovated and is open to the public I believe that the courtroom and the cells will provide an exciting new learning venue in the town which should be an important asset to schools. We are keen to work with the Learning Officer to pilot and evaluate educational materials and sessions which they develop for use in the building and before and after visits.

At Tavistock Primary we pride ourselves on ensuring that the pupils have opportunities for discovering Tavistock's heritage and for experiential learning outside the classroom. The Guildhall project will help us to continue to develop these important objectives.

Yours sincerely,

Lynnette Selbie
