1. A further Declaration of Interest was made in respect of Planning Application 1622/25/TCA – 231 Whitchurch Road, Tavistock, PL19 9DQ – Councillor G Parker by virtue of being a near neighbour of the Applicant.
2. Two members of the public, who were either representing themselves, or were in attendance on behalf of a group, spoke with regard to Planning Application No. 4126/24/FUL Development of 17 houses, including 6 affordable dwellings, at land opposite Wilminstone Industrial Estate, Old Exeter Road, Tavistock with regards to their objections to the Application. The main objections raised were:
 - the proposed development was outside the built-up area of the Town and was in the countryside;
 - it was not considered a sustainable site, nor did it address concerns with regards to accessibility;
 - the proposal would have an adverse impact on the landscape and rural nature of the area;
 - the application did not address the need for affordable housing in the area;
 - the proposed site was in an ecologically sensitive area, being on the confluence of the rivers Wallabrook and Tavy, which provided habitat for many rare species of marine life with protected status. There would also be destruction of Devon banks and hedgerows;
 - concerns that the residents would need to use their private vehicles to access local amenities and the single lane access was considered unsuitable;
 - concerns that the development would cause additional flooding risks along that section of the A386;
 - the proposed footpath would lead behind a gated community, housing vulnerable people aged over 55 and could cause distress to them;
 - that the proposed footpath had not been verified as belonging to the Applicant and no application, as far as was known, had been submitted to seek consent to create a new footpath.

RECOMMENDED THAT the views of the Town Council, as listed in Appendix B, be passed to the Local Planning Authority for consideration. (Appendix 3).
